

## Welcome

**Quintessence Group, LLC.** is a reliable home care provider for all adults and seniors. We provide quality home care services to the aged, young adults, developmentally challenged persons and also to fragile children in the state of Maryland. At quintessence, our team consist of well informed, experienced and knowledge based health care providers with a track record of excellence.

**Quintessence** is a health care company dedicated to enabling the application and delivery of quality health care services to our client, at ease. We are continually on top our game by enhancing and adding value to the services we provide. The services we provide are not limited to health education alone, but also to:

- Quality Assurance and Continuous Quality Improvement
- Review monitoring and Evaluation
- Utilization Management and of course
- Client satisfaction on a daily basis.

**QHCS** recognizes the importance of each client and their situation. Therefore, we take instructions from the client's Physician, caseworker, family members and client to determine the best care for the patient's health condition and welfare. We work with and educate client, loved ones and caregivers as to their responsibilities and involvement in client's care.

### We are vendors to:

- ▶ Medicaid
- ▶ Older Adult Waivers
- ▶ Living-at-Home Waivers
- ▶ We also accept:
- ▶ Private Pay
- ▶ Private Insurance

**QHCS** accept payment for services rendered from Private Pay in form of Cash, Checks, Money order and Private Insurance. Some private insurance companies may require Pre-certification and may limit the number and type of home care visit that will be paid for.

## About Us

**Quintessence Group, LLC.** is a Residential Service Agency licensed in Maryland and also licensed as a Staffing Agency. We provide quality health care services to Hospitals, Nursing Homes, Group Homes and Individual homes. In providing care to individuals, we recognize that individuals and families have inalienable rights to self-determination, through participation in planning for care, making decisions regarding their health and maintaining independence as long as they can.

### Mission:

Our mission at Quintessence is to provide Home Health Care Services that are anchored in the value and quality we bring to our clients. And because we believe in the Holistic approach to client care, our goal is not only to take care of the ill or disease aspect of our client's life, but also the aspect of our client's life that maintain health, enhance health and promote a fulfilling life.

### Vision:

Our vision is to be the dedicated service providers for our clients, by enhancing quality of life and independence to families and their loved ones.

### Value:

Our value is to provide highly qualified, knowledgeable and dependable nurses who are honest, respectful and trustworthy to our clients and loved ones.

At Quintessence Group, where our nurses are our pride, we provide our clients who are also our partners with quality unrelenting care. We are there for them whenever they need us because we believe in promoting, maintaining and restoring health to the highest potential.
